The Committee AGREED the principle of the creation of a 'Bluebell Trail' along the old railway track and Approved the draft project plan. It was suggested that the Council apply for the Tesco 'Bags of Help' scheme to help fund the project. **HR12. 06/17 External staircase to the Courtroom/ Council Chamber:**

The Town Clerk provided an outline of the investigations to date. He asked the Committee to consider whether it wished to revive the project to develop the previous larger scheme for a single story extension with an internal lift. The Committee felt that that project still had merit but it would be relatively expensive and the Council had insufficient funds. In view of that, it was AGREED that the existing staircase should be replaced 'like for like' but incorporating a stair lift. This would not prevent the Council from reviving the larger project at a later date – All in favour.

It was AGREED to remove two Cherry trees to optimise the number of burial plots available, it being noted that one tree was already dead and the other was in less than perfect condition. 5 for, 0 against, 1 abstention. In view of concerns about the possible impact of the removal of two Cherry trees on neighbouring properties in Holders Close it was also AGREED to request the Town Clerk to write advising neighbours of the Council's intention to remove the two trees.
